Chapter 4

Javascript

for..of 루프

for..of 루프

```
let list = [1,2,3,4];
```

```
for(let value of list) {  
  console.log(value);  
}
```

```
for(let char of 'hello'){  
  console.log(char);  
}
```

DOM

```
<ul>
  <li>First</li>
  <li>Second</li>
  <li>Third</li>
</ul>
```

```
const nodes = document.querySelectorAll("li");
```

```
for(const node of nodes) {
  console.log(node.textContent);
}
```

Object

```
const animals = {  
  lion: "사자",  
  tiger: "호랑이"  
};
```

```
const keys = Object.keys(animals);
```

```
for(let key of keys){  
  console.log(key, animals[key]);  
}
```
